The Okemos Public Schools' school lunch program is part of the district's total education program. It includes a breakfast program in selected schools. The school lunch program is designed to operate on a self supporting basis, except for indirect costs which are covered through the district's general operating budget.

The price of school lunches and breakfast programs shall be established by the board. Excepting those persons employed in the kitchens of the school cafeterias, all school employees shall be charged the regular adult rates for lunches, plus sales tax.

The superintendent or designee may authorize issuance of lunch or breakfast guest tickets for official visitors to the school district and volunteer workers not on the school district payroll. Guest tickets shall be recorded as a district charge in the cafeteria accounts.
